ARTICLE 2

CONTESTED CASES

Part 1

Commencement, Complaint, Response, Parties, Intervention and Participation

Sec. 1-21j-27. Commencement of contested case

A contested case shall be deemed to have commenced on the date the complaint is recorded as having been docketed as a contested case by the commission.

(Effective January 7, 1976; amended January 20, 1999)

Sec. 1-21j-28. Form of complaint

All complaints shall be in writing and shall include the following components:

(a) The complainant's name, address, and telephone and fax numbers, if any.

(b) A concise statement of the relevant facts, including but not limited to the items that follow:

(1) The date of the alleged violation of the Freedom of Information Act.

(2) The name, title, address, and telephone and fax numbers, if known, of the public agency and any public agency official alleged to have denied the complainant a right conferred by the Freedom of Information Act.

(3) If the complaint concerns the denial of access to public records, a description of, or reference to, the requested records; if the complaint concerns the denial of access to a meeting of a public agency, the date of such meeting; and if a complaint seeks an expedited hearing under subsection (b) of section 1-21j-29 of the regulations of Connecticut state agencies, a brief statement setting forth the reasons why the hearing should be expedited pursuant to that section.

(4) A copy of any pertinent correspondence or other documents.

(5) An explanation of any unusual circumstances involved in the complaint, to which the commission shall be expected to direct its particular attention, including the existence of emergency conditions or any request for the granting of interlocutory relief by way of an interim order.

(Effective January 17, 1984; amended January 20, 1999)

Sec. 1-21j-29. Procedure in response to complaint

(a) The executive director or his or her designee shall order a hearing at a designated time and place for the purpose of conducting an investigation of the complaint as a contested case. The executive director or his or her designee may issue an order requiring the attendance of the complainant and all other parties at an informal conference at a designated time and place prior to the hearing. As a matter of policy, the commission shall strive to hear each contested case within thirty (30) days after the commencement of the contested case and to decide each

such case within sixty (60) days after the conclusion of the hearing therein, but in no event later than one (1) year after the filing of the complaint. The commission shall give notice of the hearing in the form and manner provided in section 1-21j-34 of the regulations of Connecticut state agencies. Such notice shall be sent to the public agency and public agency official against whom the complaint is asserted, together with a copy of the complaint. The notice shall advise all parties that the commission may provide the opportunity for an informal conference prior to the formal hearing.

(b) Except as provided in subsection (b) of section 1-21i of the general statutes, this section or section 1-21j-34a of the regulations of Connecticut state agencies, the executive director or his or her designee, to the extent possible, shall schedule each contested case for hearing in the order in which it is received. To the extent possible, the executive director or his or her designee shall accord priority in the assignment for hearing of any contested case for which there is a timely written request setting forth the reasons necessitating a hearing by a date certain after which available remedies would no longer be adequate. The executive director or his or her designee shall immediately review such request together with the complaint and any other associated materials. The executive director or his or her designee shall cause the complaint to be scheduled on a priority basis if he or she believes: (1) the materials reviewed demonstrate that the complaint requires expedited treatment because of an event or circumstance on a date certain after which date available remedies would no longer be adequate; and (2) the commission is able to render a final decision by that date. A decision not to grant a priority assignment for hearing may be appealed to the commission which shall consider the matter at its next regular meeting. A decision to grant priority assignment may be appealed to either the presiding officer, who shall consider the matter at the hearing, or to the commission, which shall consider the matter at its next regular meeting. Where such priority is granted, the executive director or his or her designee shall assign the case for hearing at the earliest possible date consistent with due process of law, but in no event later than thirty (30) days after commencement of the contested case. Where such priority is granted, the executive director or his or her designee also shall assign the case for final decision at the earliest possible date consistent with due process of law, but in no event later than sixty (60) days after the conclusion of the hearing therein.

(c) When the executive director or his or her designee does not schedule a complaint pursuant to subdivision (2) of subsection (b) of section 1-21i of the general statutes because he or she has reason to believe that a complaint: (1) presents a claim beyond the commission's jurisdiction; (2) would perpetrate an injustice; or (3) would constitute an abuse of the commission's administrative process; and the matter is referred to the commission for summary disposition, no oral argument shall be permitted.

(d) Upon the commencement of a contested case, the executive director or his or her designee may appoint an ombudsman for that case. The ombudsman shall attempt to settle the case in whole or in part; and if the case is not settled, to limit the issues of fact and law necessary to be determined at the hearing, and to encourage stipulations which would expedite the proceedings at the hearing. In furtherance of these duties, the ombudsman may communicate ex parte with the parties or their representatives and conduct informal conferences in person or otherwise. Neither the ombudsman nor any party in a contested case shall communicate the contents

of any communication made or received in the course of the ombudsman process without the express consent of all parties.

(Effective January 17, 1984; amended January 20, 1999)

Sec. 1-21j-30. Designation of parties

(a) In issuing the notice of hearing described in section 1-21j-34 of the regulations of Connecticut state agencies, the executive director or his or her designee shall designate as a party any person known to the commission whose legal rights, duties or privileges are required by statute to be determined by a commission proceeding and who is required by law to be a party in a commission proceeding, and any person whose participation as a party is then deemed to be necessary to the proper disposition of such proceeding. Subsequent to the issuance of the notice of hearing no other person before the commission shall have standing as a party, and no party having been designated as such shall be removed as a party, except upon the express order of the commission or the presiding officer.

(b) Subsequent to the issuance of the notice of hearing, the commission or the presiding officer shall grant a person status as a party in a contested case if the commission or the presiding officer finds that: (1) such person has submitted a written petition to the commission and served copies on all parties, at least five (5) days before the date of hearing; and (2) the petition states facts that demonstrate that the petitioner's legal rights, duties or privileges shall be specifically affected by the commission's decision in the contested case. The five-day requirement in this subsection may be waived at any time before or after commencement of the hearing by the commission or the presiding officer on a showing of good cause.

(c) The commission or the presiding officer may remove as a party any person whose rights, duties or privileges are determined not to be at issue in the contested case.

(d) The conferring of party status by the commission or the presiding officer shall not be deemed to be an admission by the commission that such party may be aggrieved by any decision, order or ruling of the commission.

(Effective January 17, 1984; amended January 20, 1999)

Sec. 1-21j-31. Intervenors

(a) The commission or the presiding officer may grant any person status as an intervenor in a contested case if the commission or the presiding officer finds that: (1) such person has submitted a written petition to the commission and served copies on all parties and intervenors, at least five (5) days before the date of hearing; and (2) the petition states facts that demonstrate that the petitioner's participation is in the interests of justice and shall not impair the orderly conduct of the proceeding. The five-day requirement in this subsection may be waived at any time before or after commencement of the hearing by the commission or the presiding officer on a showing of good cause. The commission or presiding officer may define an intervenor's participation in the manner set forth in subsection (d) of section 4-177a of the general statutes.

(b) The conferring of intervenor status by the commission or the presiding officer shall not be deemed to be an admission by the commission that such intervenor may be aggrieved by any decision, order or ruling of the commission.

(Effective January 7, 1976; amended January 20, 1999)

Sec. 1-21j-32. Representation of parties and intervenors

Each person authorized to participate in a contested case as a party or as an intervenor shall file a written notice of appearance with the clerk. Such appearance

may be filed on behalf of parties and intervenors by an attorney, an agent, or other duly authorized representative subject to the rules hereinabove stated. The filing of a written appearance may be excused by the presiding officer.

(Effective December 23, 1986; amended January 20, 1999)

Part 2

Hearings

Sec. 1-21j-33. Place of hearings

Unless otherwise provided by the commission or the presiding officer, all hearings of the commission shall be held at Hartford at the principal office of the commission.

(Effective January 17, 1984; amended January 20, 1999)

Sec. 1-21j-34. Notice of hearings

(a) **Persons notified.** Except when the commission or the presiding officer shall otherwise direct, the commission shall give written notice of a hearing in any pending matter to all parties, to all persons who have been permitted to participate as intervenors, to all persons otherwise required by statute to be notified, and to such other persons as have filed with the commission their written request for notice of hearing in a particular matter. Written notice shall be given to such additional persons as the commission shall direct. The commission or the presiding officer may give such public notice of the hearing as the commission or the presiding officer, as the case may be, shall deem appropriate within the provisions of the Freedom of Information Act.

(b) **Contents of notice.** Notice of a hearing shall include, but shall not be limited to, the following: (1) a statement of the time, place and nature of the hearing; (2) a statement of the legal authority and jurisdiction under which the hearing is to be held; (3) a reference to the particular sections of the statutes and regulations involved; and (4) a short and plain statement of the matters asserted or, in lieu thereof, a copy of the complaint.

(Effective January 17, 1984; amended January 20, 1999)

Sec. 1-21j-34a. Continuances or postponements of hearings

(a) Prior to the issuance of the order and notice of hearing set forth in sections 1-21j-29 and 1-21j-34 of the regulations of Connecticut state agencies, any party to a contested case may request in writing that such case be heard at a designated time and date. The executive director or his or her designee shall give due consideration to such request subject to the requirements set forth in section 1-21i(b) of the general statutes and the convenience of the commission or presiding officer.

(b) After the order and notice of hearing set forth in sections 1-21j-29 and 1-21j-34 of the regulations of Connecticut state agencies have been issued, no request for continuance or postponement of hearing shall be granted or permitted unless such request: (1) is in writing signed by each party to the contested case, or by each such party's attorney, agent or other duly authorized representative; and (2) states as the reason for the continuance or postponement that the parties are in the process of negotiating a settlement or other resolution of the case and that a continuance or postponement of the hearing is necessary to facilitate the successful completion of such settlement or resolution.

(Effective January 17, 1984; amended January 20, 1999)

Sec. 1-21j-35. General provisions

(a) **Purpose of hearing.** The purpose of any hearing the commission conducts under chapter 54 of the general statutes shall be to provide to all parties an opportunity to present evidence and argument on all issues to be considered by the commission.

(b) **Order of presentation.** In hearings on complaints, applications and petitions, the party that shall open and close the presentation of any part of the matter shall be the complainant, applicant or petitioner, unless otherwise provided by the commission or the presiding officer for good cause shown.

(c) **Limiting number of witnesses.** To avoid unnecessary cumulative evidence, the commission or the presiding officer may limit the number of witnesses or the time for testimony upon a particular issue in the course of any hearing.

(d) **Written testimony.** The commission may by order of the presiding officer permit any party to offer testimony in written form. Such written testimony shall be received in evidence with the same force and effect as though it were stated orally by the witness who has given the evidence, provided that each such witness shall be present at the hearing at which testimony is offered, shall adopt the written testimony under oath, and shall be made available for cross examination as directed by the presiding officer. Prior to its admission such written testimony shall be subject to objections by parties.

(Effective May 28, 1991; amended January 20, 1999)

Sec. 1-21j-36. Witnesses, subpoenas, and production of records

(a) The commission, or any commissioner or presiding officer authorized by the commission to conduct any inquiry, investigation or hearing, shall have power to administer oaths and take testimony under oath relative to the matter of inquiry or investigation.

(b) At any hearing, the commission or the presiding officer may subpoena witnesses and require the production of records, documents and other evidence pertinent to such inquiry. Any party may request that such process be issued. The request shall be in writing and contain the following: the name and address of each person upon whom such process is to be served; an adequate description of any records, documents and evidence sought to be produced; and a short explanation of the testimony or evidence to be offered at the hearing and its materiality to the subject thereof. It shall be the sole responsibility of the party requesting such process to cause it to be served in accordance with law.

(c) If any person disobeys such process or, having appeared in obedience thereto, refuses to answer any pertinent question put to him by the commission or by the presiding officer or to produce any records, documents or evidence pursuant thereto, the commission may apply to the superior court for the Judicial District of Hartford-New Britain for an order requiring such person to comply with such subpoena or to testify as provided by section 1-21j of the general statutes.

(Effective December 23, 1986; amended January 20, 1999)

Sec. 1-21j-37. Rules of evidence

The following rules of evidence shall be followed with respect to the admission of evidence in all hearings held under the Freedom of Information Act and chapter 54 of the general statutes:

(a) **General.** Any oral, documentary or other evidence may be received; but the presiding officer shall, as a matter of policy, exclude irrelevant, immaterial or unduly repetitious evidence. The commission or presiding officer shall give effect to the rules of privilege recognized by law in Connecticut where appropriate to the conduct

of the hearing. Subject to these requirements and subject to the right of any party to cross examine, any testimony may be received in written form as herein provided.

(b) **Documentary evidence, copies.** Documentary evidence may be received at the discretion of the commission or presiding officer in the form of copies or excerpts, if the original is not found readily available. Upon request by any party an opportunity shall be granted to compare the copy with the original, which shall be subject to production by the person offering such copies, within the provisions of section 52-180 of the general statutes.

(c) **Cross examination.** Cross examination may be conducted as the presiding officer shall find to be required for a full and true disclosure of the facts.

(d) **Facts noticed, scope and procedure, commission records.** The commission may take administrative notice of judicially cognizable facts, including generally recognized technical or scientific facts within the commission's specialized knowledge and the records, decisions and orders in other commission cases. Parties shall be afforded an opportunity to contest the material so noticed by being notified before or during the hearing, or by an appropriate reference in preliminary reports, proposed final decisions or otherwise of the material noticed. The commission shall nevertheless employ the commission's experience, technical competence, and specialized knowledge in evaluating the evidence presented at the hearing for the purpose of making its finding of facts and arriving at a final decision.

(e) Any testimony or exhibit admitted in evidence in another commission case may be offered as evidence in a subsequent hearing and admitted as an exhibit therein.

(f) **In camera inspection.** The procedure for an in camera inspection of records shall be as follows:

(1) Any party or intervenor may request an in camera inspection of the records claimed to be exempt from disclosure in a contested case; and the presiding officer or the commission may order such an inspection on request, on such presiding officer's or the commission's own initiative, or on remand by a court.

(2) If an in camera inspection is ordered, the party having custody of the records claimed to be exempt from disclosure shall be required to submit a copy of the records together with an in camera inspection index referencing each record, and each item within each record, claimed to be exempt from disclosure. All parties shall be informed of their rights and obligations under these procedures.

(3) In each case in which an in camera inspection is ordered, the presiding officer, a commissioner or an authorized staff member, shall verify that each record submitted for such inspection has been identified by the party having custody of the record by reference to an individual reference number or numbers prescribed by the commission and included in an accompanying in camera inspection index.

(4) In each case in which an in camera inspection is ordered, an in camera inspection index shall be prepared in triplicate by the party having custody of the records submitted for such inspection on forms which shall be provided or approved by the commission. One part of the form shall be given to the party submitting the records as a receipt, indicating the records and date received and the name of the person authorized to receive and sign for such records on behalf of the commission. The receipt shall also certify that neither the records received for in camera inspection, nor their contents, shall be disclosed to any unauthorized person, except as provided by commission or court order and as provided below. The second part of the form shall be retained by the commission and kept for both inventory and decision-making purposes as part of the secure file in which the subject records themselves are kept. The third part of the form shall be retained by the commission

as a public record and kept as part of the public file of the contested case. A copy of the completed index form shall be given to all other parties to the proceedings.

(5) It shall be the responsibility of the party submitting records for in camera inspection to certify that the copies of the records so submitted are true copies of the records at issue in the contested case. It shall also be the responsibility of such party to make available for examination and cross-examination at a commission hearing on the matter the official who issued the certification.

(6) After receiving records submitted for in camera inspection, the authorized person who signed the receipt for them on the index on behalf of the commission shall personally deliver the records for storage in a secure commission file.

(7) Ordinarily only commissioners, the presiding officer, the executive director, the managing director and staff counsel are authorized access to inspect records submitted for in camera inspection. In any particular case, however, the presiding officer or the commission may authorize greater or lesser access to such records and the executive director and managing director may authorize greater or lesser access by commission personnel to such records. All persons having access to the records submitted for in camera inspection shall be identified on the related in camera inspection index.

(8) The copying of records submitted to the commission for in camera inspection shall not be permitted. Likewise, no person authorized access to such records may take any notes making reference to specific information contained in such records and claimed to be exempt from disclosure. References to specific records submitted for in camera inspection, or the contents of such records, in proposed final decisions or final decisions shall be by the assigned reference numbers as endorsed on the records themselves or by reference to generic descriptions or characterizations as set forth in the related in camera inspection index or in other public records.

(9) At commission meetings open to the public, all mention of the specific contents of records submitted for in camera inspection shall be avoided. Mention of specific records submitted for in camera inspection, however, may be made by use of the assigned reference numbers as endorsed on the records themselves or by reference to generic descriptions or characterizations as set forth in the related in camera inspection index or in other public records.

(10) If it proves necessary for the commission to discuss the specific contents of records submitted for in camera inspection at one of its meetings, it shall first convene in executive session, as provided by law. Only commissioners and persons authorized access to the subject records and invited by the commission to present testimony or opinion shall attend the executive session, as provided by law.

(11) Unless a court appeal is filed in a particular contested case, the commission shall disclose on request those records in its possession submitted for in camera inspection and ordered disclosed by the commission in that case (A) after the expiration of forty-five (45) days from the mailing of the notice of final decision, or (B) if a request for reconsideration is received by the commission within such 45-day period, after the expiration of forty-five (45) days from the mailing of the notice denying that request or after the expiration of forty-five (45) days from the mailing of the notice of the final decision issued after reconsideration has been granted, as the case may be. If no court appeal is filed, the records submitted for in camera inspection and ordered disclosed shall be transferred from their secure file to the commission's corresponding public file after the expiration of the applicable time period.

(12) Unless a court appeal is filed, after issuing its final decision in a particular contested case, the commission shall notify the party that submitted records for in

camera inspection in writing that it may make appropriate arrangements with the commission staff to take possession of such records after the expiration of the operative time periods set forth in subdivision (11) of this subsection. The party taking possession shall be required to sign a receipt for the records returned. If no arrangements are made for the return of such records, the commission shall cause the records to be destroyed any time after the expiration of the time periods for the retention of contested case evidence in the commission's current schedule for the retention and destruction of records, as approved by the state public records administrator.

(13) If a court appeal is filed in a particular contested case, the commission shall notify in writing all known parties to the appeal that, as part of the commission's record to be delivered to the court, the commission intends to deliver the records submitted for in camera inspection. The notice shall also advise the parties that the commission shall not move the court to seal such records, but that other parties may do so if they desire; and that any party seeking to seal the records should notify the commission of its intent to do so before the date by which the commission must certify the record of its proceedings into court. If notified that a motion to seal shall be made, the commission shall not transfer such records until the court makes its determination on the motion.

(14) Records submitted for in camera inspection which form part of a commission record on appeal shall, until delivered to the reviewing court, continue to be kept in their secure file and separately from the remainder of the record on appeal. When the record on appeal is to be delivered to court, a person authorized access to such records on behalf of the commission shall personally deliver such records to the clerk of the applicable court. If the court has ordered such records sealed, such authorized person shall so notify the clerk on delivery.

(15) Records submitted for in camera inspection, returned to the commission by a court and which records were held by the court to be exempt from disclosure shall be returned to their secure file immediately by a person authorized access to such records on behalf of the commission. Any records submitted for in camera inspection, returned to the commission by a court and held by the court to be disclosable shall be placed in the commission's public files. In either case, the commission shall notify the party that submitted such records for in camera inspection in writing that such party may make appropriate arrangements with the commission staff to take possession of those records or they shall be destroyed as provided in subdivision (12) of this subsection.

(Effective January 17, 1984; amended January 20, 1999)

Sec. 1-21j-38. Filing of added exhibits and testimony

After the close of evidence at the hearing, and before the submission of any proposed final decision by the presiding officer to the commission, the presiding officer may permit any party or intervenor to file added exhibits or written testimony, subject to the provision of such comment, reply and contest as due process shall require.

(Effective January 17, 1984; amended January 20, 1999)

Part 3

Decision in a Contested Case

Sec. 1-21j-39. Uncontested disposition of complaint, application or petition

Unless precluded by law, where any matter is uncontested, a complaint, application or petition may be resolved by stipulation, agreed settlement, consent order, dis-

missal, administrative withdrawal without hearing or default. Upon such disposition a copy of the commission's action shall be served on each party.

(Effective January 17, 1984; amended January 20, 1999)

Sec. 1-21j-40. Proposed final decision in a contested case

(a) The commission shall proceed in the following manner in contested cases where a majority of the commission has not heard the case or read the record. A final decision shall not be adopted by the commission until a proposed final decision is served upon all of the parties, and until an opportunity has been afforded to each party adversely affected by the proposed final decision to file exceptions, to present briefs, and to make oral argument before the commission at a commission meeting. Compliance with this requirement concerning the proposed final decision may be waived by a written stipulation of the parties.

(b) In no event shall new evidence, not admitted into evidence under sections 1-21j-35 to 1-21j-38, inclusive, of the regulations of Connecticut state agencies, be submitted to, or considered by, the commission at the commission meeting at which the proposed final decision is considered. In addition, no party or intervenor shall present any argument at the commission meeting at which the proposed final decision is considered unless such argument has been raised (1) at the hearing in the contested case; or (2) in a bill of exceptions or brief filed with the commission on or before the wednesday of the week immediately prior to the meeting at which the proposed final decision is scheduled to be discussed and/or acted upon by the commission; or (3) in the proposed final decision itself. The commission may limit the period of time for argument by serving notice of such limitation upon all of the parties simultaneously with the proposed final decision. For good cause shown, the commission may enlarge the period of time for argument, if the request is made in writing, stating the reasons therefor, and filed with the commission on or before the Wednesday of the week immediately prior to the proceeding at which such proposed final decision is scheduled to be discussed or acted upon by the commission. Upon the request of a party or intervenor, the commission shall tape record that portion of its meeting, open to the public, concerning the proposed final decision concerning such party or intervenor.

(c) In the proposed final decision to be served upon the parties, the commission or presiding officer shall set forth such commission's or such presiding officer's summary of each issue of fact and law that such commission or such presiding officer finds necessary to reach the conclusions contained in the proposed final decision.

(Effective January 17, 1984; amended January 20, 1999)

The record in a contested case shall include: (1) written notices related to the case; (2) all petitions, pleadings, motions and intermediate rulings; (3) evidence received or considered; (4) questions and offers of proof, objections and rulings thereon; (5) the official transcript, if any, of proceedings relating to the case, or, if not transcribed, any recording or stenographic record of the proceedings; (6) proposed final decisions and exceptions thereto; and (7) the final decision. The commission or presiding officer may designate other documents or portions of the commission's proceedings as part of the record in a contested case. Requests to so designate other material as part of the record shall be made to the commission or presiding officer at the time the final decision is adopted.

(Effective December 23, 1986; amended January 20, 1999)

Sec. 1-21j-42. Final decision in a contested case

All final decisions and orders of the commission concluding a contested case shall be in writing or orally stated and shall be made a part of the record of such case. The commission shall serve a copy of its final decision on each party and intervenor in the manner required by sections 1-21j-1 to 1-21j-57, inclusive, of the regulations of Connecticut state agencies and by chapter 54 of the general statutes.

If the commission refuses to disclose medical, psychiatric or psychological data to a person, it must inform the person of his or her right to seek judicial relief pursuant to the personal data act.

(e) If the commission refuses to disclose medical, psychiatric or psychological data to a person based on its determination that disclosure would be detrimental to that person and the nondisclosure is not mandated by law, the commission shall, at the written request of such person, permit a qualified medical doctor to review the personal data contained in the person's record to determine if the personal data should be disclosed. If nondisclosure is recommended by such person's medical doctor, the commission shall not disclose the personal data and shall inform such person of the judicial relief provided under the personal data act.

(f) Where required by law, a record shall be maintained of each person, individual, agency or organization that has obtained access to or to which disclosure has been made of personal data in accordance with subsection (c) of section 4-193 of the general statutes, together with a reason for each such disclosure or access. This log shall be maintained for not less than five (5) years from the date of such disclosure or access or for the life of the personal data record, whichever is longer.

Such statements shall become a permanent part of the commission's personal data system and shall be disclosed to any individual, agency or organization to which the disputed personal data are disclosed.
